Points possible: 70

Category	Criteria	% of Grade
Completeness	All requirements of the assignment are complete.	100

Instructions: Follow the steps below to complete this assignment. Add the URL for this week's repository to this document where instructed and return it to your mentor via slack.

Assignment Steps:

1. The link below has a zipped file that contains an empty directory (folder) for your assignments. Download the file to your computer and unzip it. This directory (folder) should be utilized to organize projects for this course.
    https://drive.google.com/file/d/1WDc_WJ8I0MfwbrbmtMsxHdTpupZsPjXT/view?usp=sharing

2. Following the Git/GitHub tutorial in your week 0 video:
    https://www.youtube.com/watch?v=NGeksLUB1e8

    a. Create new repository on and push Week 1 directory (folder) containing the appropriate documents to your GitHub repository.
    b. Please ensure that you make some changes to your directory (folder) and push those changes to your repository a second time (as shown in the video).

3. When complete, paste a screenshot of your terminal or command prompt that shows your push was successful.

4. Copy and paste the URL to your GitHub repository where instructed below.

Screenshot of Terminal / Command Prompt:

```
